WEBSITES

OECD Organization for Economic Co-operation and Development

http://www.oecd-ilibrary.org/economics/oecd-factbook_18147364

The mission of the Organisation for Economic Co-operation and Development (OECD) is to promote policies that will improve the economic and social well-being of people around the world. The OECD provides a forum in which governments can work together to share experiences and seek solutions to common problems.

The fact book is the OECD's dynamic and comprehensive statistical annual showing a wide range of key statistics for its member countries and major additional countries. This publication is available in print form, as an iPhone app, and in html form.

IMF International Monetary Fund

<http://www.imf.org>

The International Monetary Fund (IMF) is an organization of 188 countries, working to foster global monetary cooperation, secure financial stability, facilitate international trade, promote high employment and sustainable economic growth, and reduce poverty around the world.

Standard and Poor's

<http://www.standardandpoors.com>

Standard & Poor's is a leading provider of financial market intelligence. The world's foremost source of independent credit ratings, indices, risk evaluation, investment research and data, Standard & Poor's is an essential part of the world's financial infrastructure. For more than 150 years, Standard & Poor's provides financial decision-makers with the intelligence they need to feel confident about their decisions.
