

Challenge 2 Sleepout

Make a magnificent hut, anywhere you can.
But be sure to sleep in it at least once! (Even for a little while)

To make your hut

- 1 Search for suitable building materials around your house, on the beach or in the forest. Remember to ask your parents if it is OK to use them.

- 2 Use your imagination to create a unique hut with room for at least one person to sleep in. You will need a bigger hut if you intend to have family or friends sleep in it with you.

- 3 You might like to add colourful decorations to your hut.

- 4 When your hut is complete take a photograph.

- 5 Either print your photograph and bring it to your nearest branch of Whangarei Libraries, or email the photo to libraryevents@wdc.govt.nz type 'The Great Summer Challenge' in the subject field and we will print it for display in the Library.
